

ANNUAL REPORT 2018-2019

MESSAGE OF THE CHAIRMAN

Our vision is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. This imaginative culture allows and emphasises our wards not only to adopt the present day challenges but also individual responsibilities for the society and our nation at large.

Our organization has set definite objectives and planned activities for achieving excellence in all spheres of education and talent.

We strongly believe in academic excellence and do not compromise on teaching standards, discipline as well as health and nutrition. These things are the springboards on which we operate. We also believe in total learning and sharing.

Mr. Mrinmoy Roy Chowdhury Chairman

MESSAGE OF THE SECRETARY

It gives me immense pleasure to present before you the sixth Annual Report of our organisation. Six years for an organisation is not a very long journey, many more years of hardship yet to come.

We are glad that our organisation has acquired a clear vision and plan in major and very important areas like education and health. Getting the vision right, is a major task for any organisation and on that score, we are lucky that we are steadily building our strength in the above areas.

Our Sincere thanks to our Chairman, other Members and Advisors for their ample support to our Foundation. My thanks to our attached Teachers and Volunteers and our Staff for making Universal Smile a growing and a purposeful organisation.

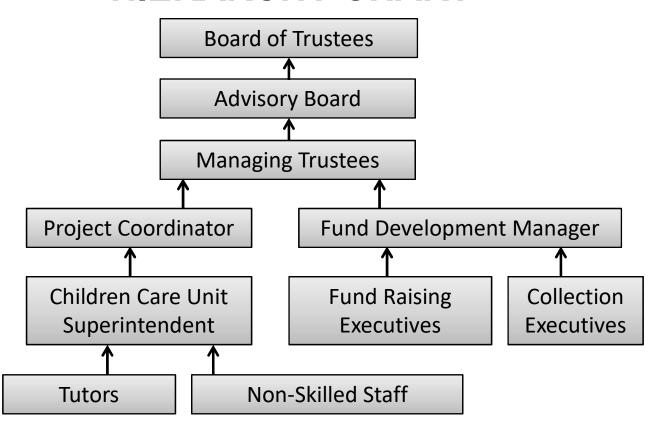

ABOUT US

Founded in 2013, UNIVERSAL SMILE is an independent, non-government and non-profit organization working for the well-being of the society, dedicated to social justice, sustainable growth and human rights.

UNIVERSAL SMILE's mission is to develop the pathway for under-privileged children living below poverty level in rural regions and to become integral members and leaders in society through quality education. UNIVERSAL SMILE is committed to cultivating the academic potential of each child through a comprehensive range of opportunities in primary school to prepare students for the next level of education, and to support those efforts through secondary school scholarships.

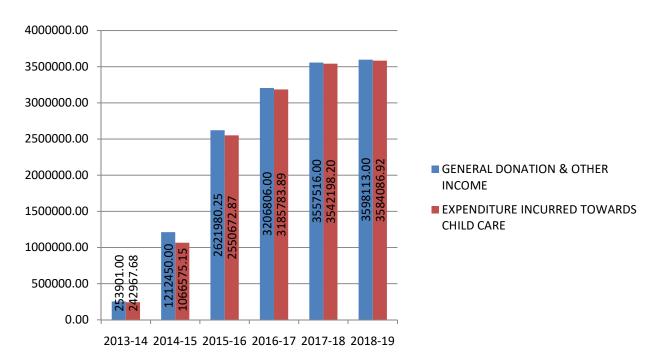

Most importantly, UNIVERSAL SMILE envisions a school as not only a place that educates students, but rather an environment that provides students with the necessary foundation to foster future growth into productive citizens and future leaders. UNIVERSAL SMILE believes that through education; even the most impoverished people in the world have the ability to improve their own lives.
